Case study

The Israeli-Palestinian conflict, History of a land, 1880-1950

At the end of the 19th century, **500,000 residents** live in Palestine, **85% Muslims**, **10% Christians** and **4% Jews**, who coexisted peacefully under the rule of the Turks of the **Ottoman Empire**.

In Jerusalem live **30,000 residents**, 50% Jews, Sunni Muslims, Armenians and Orthodox Jews.

They are all subjects of the **Sultan of Constantinople**, but the Ottoman regime, infiltrated by the rich Ashkenazim bankers, is overwhelmed by debts. In **Damascus**, **Beirut** and **Palestine**, they talk about autonomy...

In **1880** in Russia, the assassination of **Alexander II** puts his son **Alexander III** in power, then **Nicholas II**. It will be the last **Tsar**, but also the beginning of revolution and the first 'stones' of the 'biblical' myth of the persecuted Jew therefore of the need to protect them !

This is a cornerstone in the establishment of a new world order and also Israel.

Indeed, the assassination of **Alexander II**, perpetuated by the terrorist group, **Narodnaya Volya**, financed by **Rothschild**, will provoke an anti-Jewish wave throughout **Russia**. The Jews will then be collectively designated by the History as victims of the vengeful determination of tsarist Russia, drawing a 'modest' line on the subversive decision of the **Vienna Congress** of **1815**, which opened the borders between the two **Polish** and **Russian** empires, pushing many Jews to immigrate to Russia...

In 1880, there are about **5,000,000** Jews in Russia, who, to escape the pogroms, will tell us History, flee to America, but with what money ? We are still waiting for the answer...

Others will remain to make the revolution and others will invent **Zionism**. The name Zionism come from the mountain of Zion on which is **Jerusalem**. The myth 'of the Exodus' of the wandering Jew takes shape...

In 1883, **Edmond de Rothschild**, a banker living in France, joined the Zionist movement. It provides the funds that will be used to buy the land of the future state. He is spending \$50 million which will result in the acquisition of 50,000 hectares of land in **Palestine**, which he will bequeath, as usual, to his Foundation, the **Palestine Jewish Colonisation Association**.

In 1897, **Theodore HERZL**, president of the first Zionist congress in **Basel, Switzerland**, wrote, three years after the **Dreyfus affair**, serving his propaganda at the right time, "*There must be a land for the Jewish people, that they may be safe*". In his book "*Ancient Earth, New Earth, in Hebrew, Tel Aviv*, he evokes life in the future Jewish state that he describes as "*an advanced post of civilization, a bulwark of Europe against Asia, opposing barbarism...*"...everything is said.

He gave himself **50 years** to found this state. In 1947, 50 years later, by another stroke of fate, the UN will create the State of **Israel**...

Since **1898**, the Zionists have a very active press. In the same year, the second **Zionist congress**, still sitting in Basel, created the **Jewish Colonial Bank**, then, the fifth, the **Jewish National Fund**. The goal is to create the structures to buy future land in Palestine. The **Jewish Colonial Bank**, today names **Bank of International Settlement (BIS)**, its headquarters is still in Basel and it is still the European headquarters of financial crime, organized...

Many Palestinian landowners accept, by interest, to sell lands. When selling a clause specifies that the land purchased must be delivered empty of residents !

At the end of the **19th century**, motivated by pro-Zionist Anglo-Saxon associations, they were already **4500 Jewish** settlers in **Palestine** who mainly worked the land.

In 1906, **David Green**, born in **Poland** 20 years earlier, immigrated to the land of Israel as a farmer. He was the **theorist of Zionism**. He took refuge in 1914 in the United States and became a journalist, creating the **American wing of Labor Zionism**. He returned to Palestine after the war to become in 1948, the first, Prime Minister of the State of Israel under the false name of **Ben Gurion**.

The first kibbutz was created in **1909**. It was the start of the colonization that would cease October 7, 2023...113 years later. **Jews now represent 8% of the population.**

Then, to protect itself from the incidents that increasingly erupt, between Jews and Arabs, the **Haganah** is created. Was the first Jewish self-defense militia, then joined by two other armed groups, the **Irgun** and the **Stern**, giving birth to the **Tsahal**, the current Israeli army.

In **1910**, the 9th Zionist Congress of Basel...was held in **Hamburg** !?!

In **1914**, following successive waves of immigration, the Jewish population living in Palestine was estimated at **60,000**.

In **1915**, in the middle of the war and after the disaster of the **Dardanelles**...the **United Kingdom, France** and **Russia**, plan, in secrecy, the partition of the Near East and define the contours of their future zones of influence.

Palestine is a special case because of the symbolic importance of holy places and must have an international status, decide **London**.

In **1916**, the **Sykes-Picot** plan established the partition before the Turks had been dislodged, even if **Hussein**, appropriately, triggered the Arab uprising against the Turks...

It was also at this moment that **Guillaume II**, a convinced Zionist, chose to propose to **Mehmet 5** to ally himself with the **Germans**. The West was only waiting for this to destroy definitively the Ottoman Empire and share it. At the end of World War I, **4 empires** disappeared, **the Ottoman, Russian, Austro-Hungarian and German Empire**.

The English became the masters of the region, especially since the agreement that had been concluded on this occasion with the **Russians** was canceled on the pretext of the outbreak of the 1917 revolution. Revolution financed by **Wall Street** and the **City**, not to say the **Vatican**.

The pieces of the world chessboard of the International of the scoundrels are set up,

The State of Israel will sow disorder in the Middle East, That Arabs would not turn to the Soviet Union.

The winner take it all

In 1918, Palestine passed 'officially' under **British mandate**...without opposition. It must be understood that when the Arabs saw the British stand out, they were 'accustomed', the British colonizer replaced the Turkish colonizer, and all the land belonged to the Sultanate.

On 25 April 1919 at the **San Remo Conference**, **Chaim Weizman** obtained that the **Balfour Declaration**, advocating the creation of a "**Jewish National Home**", be included in the British mandate on Palestine. The **League of Nations** will approve in 1922 (sic). **L.O.N** which will disappear under the weight of its lies, by a sleight of hand which only the Westerners have the secret, to reappear under the **UN**...

In the 1930s, immigration accelerated with **Winston Churchill** wanting to preserve the English military conquests. As a result, incidents between Arabs and Jews are becoming more frequent.

Between 1939 and 1945, English propaganda focused on the ongoing genocide of the Jews of Europe. Immigration to Palestine further accelerated...At the end of World War II, the Nazi regime had exterminated 6 million Jews. In its issue 43 published in 1941, the **American Jewish Year Book**, a popular Jewish magazine, states that there are 3.3 million Jews in occupied Europe ! But this is another story...

On November 29, 1947, in an attempt to put an end to the escalation of violence between Arabs and Jews, the **UN** adopted the **Resolution 181**, which imposed the division of **Palestine** into **two states**.

In fact, only the State of Israel is created, overabundant on a territory occupied by others. The rhetoric is misleading, the myth of the wandering and persecuted Jew tenacious!

**33 countries voted in favor,
13 countries voted against
10 abstained.**

The Arabs refuse to share, it is the confrontation. UN Special Representative to create Palestinian state assassinated by **Mossad**. The total victory of the Jews and the extension of the territory that now goes beyond the initial borders. For **800,000 Palestinians**, driven from their lands is the exodus.

From the beginning of the Cold War, the **United States**, pursuing its policy of containing the Soviets, was fully aware that Israeli expansionism was upsetting the stability of the region.

Moreover, US armed **Syria** so that it could resist him, but not attack him and did the same with **Iraq**. Is the secretary of State **John Foster Dulles** who created the “**Axis of Resistance**” to ensure that **Syria** and **Iraq** would not turn to the Soviet Union.

The **Dwight Eisenhower** administration also knew that **Israel** was the result of the will of **Woodrow Wilson** and **David Llyod George**. She considered him a mad horse that had to be both protected and tamed.

In the **1950s**, watered with dollars, Israel became a modern state. Meanwhile in the Palestinian camps life is organized, but we wait for the return to the homeland. And never to forget, all the streets bear the name of a lost village.

During this ‘quiet’ recovering, the **UN** fund the schooling of Palestinian children. Western bad conscience or erasing culture through education ? Still, the Palestinians become the first fully literate Arab people.

In **1953 Yasser Arafat** presided over the union of Palestinian students in **Cairo**. They thought about the means of struggle. It was only in 1958, that engineer in Kuwait, he created the 1st Palestinian combat organization, **Fatah**.

In 1964, the Egyptian **Nacer** proposed to Arab leaders the creation of an organization for the liberation of Palestine, the **PLO**. Its doctrine is the refusal of sharing and no negotiation with Israel, which has now 15 years of existence and **2,000,000 inhabitants**.

Russian-backed neighbor **Nasser** then becoming a military threat to Israel and its Western allies.

On June 5, 1967, applying the doctrine of western preventive strike, **Israel** attacked. It is the **6 days war**. For Israel it is the triumph, for the Arabs pain and humiliation. There will be **25,700 Arab deaths**, in 6 days huge territories are conquered: **Gaza, West Bank, Sinai, Golan**.

In 20 years, Israel will have **quadrupled** its area. Today, no one disputes, not even the United States, that Israel has continuously increased his territories for 70 years and continues to do so, in the West silence...

On 22 November 1967, the **UN** unanimously passed the **resolution 242** on the withdrawal of Israelis from the occupied territories. **It will be the basis of all Arab-Israeli peace plans**.

But the villages continued to be destroyed to build new colonies in the occupied territories quickly settled. It is the doctrine of “le fait accompli”, accepted by many, because, West propaganda spread the idea that Palestine is a land to be cleared therefore empty of inhabitants and culture.

In October 2023, resolution 242 has still not been implemented.

Thus, in Israel it is the ‘democracy’, on the other hand in the occupied territories, the Palestinians are deprived of their civil rights but still owe to the Jewish state taxes.

A infernal cycle begins, operations of resistance, attacks, repressions, humiliations, arrests, imprisonment without trial...

In 1969 it was **Yasser Arafat’s** time, he became leader of the **PLO**. His logic, one state. He continues to refuse sharing and prepares the armed struggle. It is time for the attacks, the Israelis will then pay dearly for their victory.

In 1970 Golda Meer came to power with, in %, the highest in the world defense budget of 20% of GDP. For her, there is no Palestinian people, just enemies that must be driven out.

Israel then avenges its dead a hundredfold.

In 1990, on 20 December, the **Security Council** of the «United Nations» adopted **resolution 681** reaffirming the principle of the inadmissibility of the acquisition of territory by Israel through war, set out in its resolution 242 of 22 November 1967^(*).

Nowadays, axis of resistance **Palestine-Lebanon-Syria-Iraq-Iran**, still exists more or less united.

Hezbollah is a network of **Shiite resistance** to the Israeli occupation of **Lebanon**. It was armed by **Syria** and then **Iran** with the aim to establishing equality in Right for all.

Syria responded to Israeli expansionism by defending itself, then rescuing the Palestinian population, which formed a single political entity before the 1914/18 war.

Iran is a particular case, indeed, its leaders approach the conflict from the religious angle. A Shiite prophecy assures that the Jews will reform a state in Palestine, then quickly destroyed. The Leader of the Islamic Revolution, **Ayatollah Ali Khamenei**, holds this text as canonical, and claimed that Israel will have disappeared in 2025...

In **2006**, taking advantage of its electoral victory in the Palestinian parliamentary, the **Hamas**, funded by the **United Kingdom, Qatar, Israel, Turkey, Iran** and the **European Union**, carried out a 'coup' against the **Fatah** and proclaimed itself autonomous in the Gaza Strip.

At its creation **Hamas** was funded by the **United Kingdom** to weaken **Fatah** of **Yasser Arafat**.

In **2012**, the political leadership of **Hamas**, who lived in exile in **Damascus**, moved to **Doha**, while **Qatar** financed the **jihadists** against **Syria** ! **Hamas** declared itself the «*Palestinian branch of the Muslim Brotherhood*» and its men, aided by **Mossad** agents, entered the Syrian city of **Yarmouk** to assassinate their rivals of the **PFLP-CG**. The Syrian army surrounded the city, with Palestinian President **Mahmoud Abbas** assuring him of his support...

In November **2013**, **Yasser Arafat** died of poisoning, **Mossad** ? **Hamas** ? The both. We will never know more. Then **Mahmoud Abbas**, **Fatah**, was elected president, funded by the **United States**, the **European Union** and **Israel**.

Nowadays, the Gaza Strip is still ruled by **Hamas**.

The main leaders of **Hamas** reside in **Turkey**, while those of the Muslim Brotherhood as an international body are divided between the **United Kingdom, Qatar** and **Turkey** !

No more bets

On February 28, 2022, after 70 years of Western provocations, Russia's patience has come to an end. The demilitarization and 'denazification' of Ukraine is launched. **In fact, it is a hybrid operation of 'de-westernization' of the uni-polar world.**

But, very quickly, for the collective West, it is '**Fachoda**', lies fall one after another, the paper tiger burns ! And, to avoid '**Berezina**' a new front must be opened.

All it takes, is a spark to ignite the **Israeli-Palestinian conflict**.

On October 7, 2023, the Palestinian resistance, **Hamas**, the **Islamic Jihad**, the **Popular Front for the Liberation of Palestine** and the **PFLP-CG**, with the exception of **Fatah**, led the best-organized attack on Israel.

Israel's response is predictable, brutal and violent as its Prime Minister **Netanyahu** who declares a state of war only a day later and gives Jewish supremacists the opportunity to achieve their repeated goal of ethnic cleansing of Palestine, whatever the way...

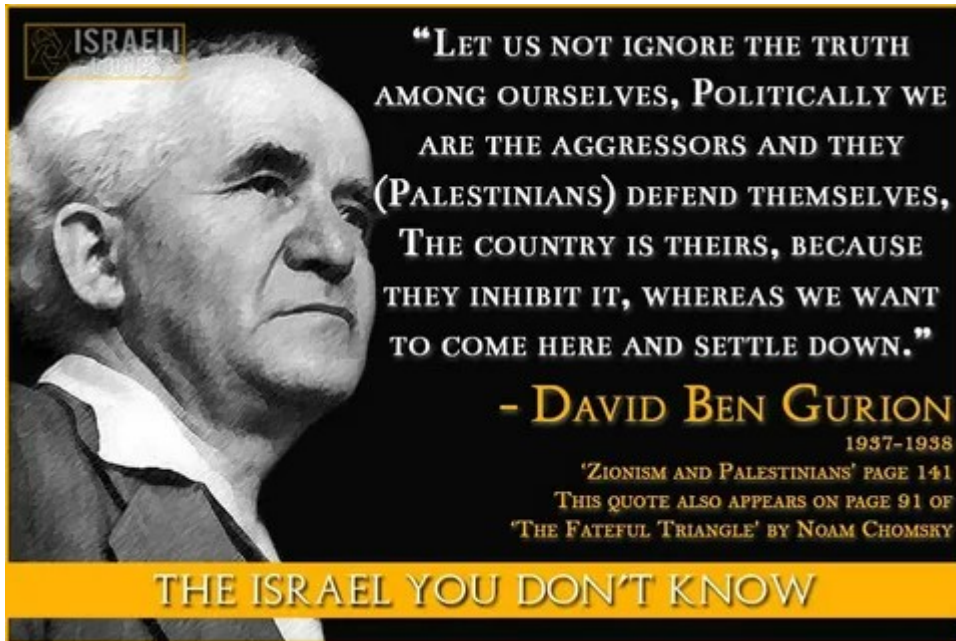

However, despite persuasive propaganda of the 'final solution', **Tsahal** and **Mossad** show clear signs of bankruptcy and are unable to establish a coherent strategy in response to the attack by the Palestinian resistance, especially as the shadow of the treacherous US Eagle hovers over their heads like a vulture ready to gut prey...

**Being the enemy of Washington was dangerous,
Being his ally, deadly...**

Long years of martyrdom of the Palestinian people ending, unfortunately in a bloodbath, but now, for the collective West, it is the death or the international Right, to push away their own rules of convenience with variable applications...

On October 27, 2023, **Hamas** among other...representatives arrived in **Moscow**, and between issues related to the evacuation of Russian and foreign citizens from the territory of the Palestinian enclave, **Sergey Lavrov**, said that Moscow had confirmed its support for the implementation of the Security Council resolutions on the creation

«of a sovereign Palestinian state in the 1967 borders, with East Jerusalem as capital» and that it would coexist in peace with Israel !
